

## *Goals & Objectives*

## *City of Calexico*

---

The City Council held a Goal Setting Workshop on January 6, 2007 for City Council and Department Heads, at which time the City engaged a facilitator to lead the process.

After considerable discussion, the result of the Workshop was prioritizing goals for the City. On January 26, 2007 the City Council approved the Goals for 2007 and gave direction to Staff to proceed.

The new City Council was seated in July 2008 and the goals and objectives 2009-2011 workshops were held in April and May of 2009. At the adoption of the budget the goal setting is a work in progress.
